

FLUFF REMOVED

Crumb Rubber &20 Mesh (1 mm)

BLACK ONLY

WIRE FREE

Tire Block Co.
810.417.1415 - www.TireBlock.com

AUTOMOTIVE TIRE
SIDEWALLS

- DESCRIPTION:** -20 mesh rubber particles will fall through a screen with 20 wires per inch. This results in a particle size of less than 0.045 inches or 1.1 mm. There is a small fraction, typically less than 1%, of fiber imbedded in the rubber crumb. Not magnetically separated - we start with wire free rubber.
- TYPICAL USAGE:** Rubber mats, pavers, golf course soil augmentation, concrete, and crumb rubber modified (CRM) hot mix asphalt.
- Soil augmentation for lawns - apply at a rate of ¼" per month for 3 months. Less water required, reduced root damage due to traffic, and improved fall protection.
- ADVANTAGES:** Made from 100% recycled tires
Environmental responsible - non-biodegradable, considered inert
Safe for children, pets, or animals - non-toxic
Resistant to bug infestation, mold, or mildew
Remains flexible summer and winter
Nearly unlimited life
- PRICING:** \$0.50/lb in 50 lb bags. Approximately 2 cubic feet per 50 lbs.
